Experience Italy in a Wine glass

Grappa Bianca

The still dripping with must, the freshly-pressed skins, stems and seeds of grapes grown on DOC and DOCG vineyards in Neive, Barbaresco, Trezzo, Treiso and Alba are blended following an old Serafino Levi recipe, and immediately compressed into underground pits for a natural curing process that is able to extract all the aromas and flavours of the grapes.

Spirit exported to: USA

Distillery & Aging

Category:

Grappa

Type:

Bianca

Still type:

Open Flame copper pot still

Distillation System:	“Grappa distillata da ignari” (Grappa distilled by unaware people) with the discontinuous method with direct fire and submerged pomace. The steam generated from the distillation of pomace, enriched with alcohol-aromatic components, is condensed with subsequent fractional distillation of the phlegm in a copper column with 7 plates. This procedure, perfected by Romano Levi and still strictly adhered to, ensures the perfect conservation of the aromatic components, important for the organoleptic characteristics of Grappa.
Vintage:	Non-Vintage
Aging Containers:	Classic Piedmontese casks
Container Size:	700 litres
Aging Before Bottling:	3 years
Closure:	Synthetic cork
Alcohol:	45% vol.

Tasting Notes and Food Pairings

Tasting Notes:	Light yellow, with herbal and fresh flowers of Camomile notes, soft and pleasant at the taste with long lasting Camomile note in a pure grappa intensity.
Serving Temperature:	15-17°C
Food Pairings:	Almond-based dessert or a simple crostata. Cheeses, particularly herbed.
