## Fiano di Avellino Tenute di Altavilla DOCG

Made from pure Fiano grapes from very old vines (planted from 1968 to 1985). After harvest, the grapes are cryo-macerated for maximum aromatic extraction and structure. They are then soft-pressed and fermented. The wine ages in stainless steel for around four months. Very traditional, with a distinctive palate, body, persistence and finesse. Tenute di Altavilla extends 25 hectares (62 acres) in the province of Avellino, in the DOCG zones of Irpinia. The vineyards feature predominantly tuffaceous soil with a high percentage of clay, excellent exposure, beneficial diurnal temperature changes, and steep slopes.
