Vigna Baragazza Riserva IGT

Vigna Baragazza is a single-vineyard, single-clone Cellar Reserve version of the Pancrazi's Villa di Bagnolo Pinot Noir. It comes from outstanding one hectare (2.47 acres) yielding a mere one ton per acre, with unbelievable concentration, extract and quality. The cool and well-ventilated vineyards benefit from excellent day/night temperature swings and moderate altitudes, favoring slow and even grape maturation. As Monte Ferrato is an extinct volcano, the origins of the soil are volcanic and particularly rich in iron, which is instrumental in giving Pinot Noir its complexity. This particular soil composition is also conducive to the well-balanced flavors and components that characterize Pinot Noir.

Wine exported to: Bermuda, USA, Japan, Canada, Austria
